

MATTER OF TASTE

CATERING & EVENTS

CLASSY ARRANGEMENT

Matter of Taste

Matter of Taste has stood for professional catering for over 30 years, where passion, experience and quality are the main ingredients. We deal with concept catering, tailor-made proposals and surprising flavor combinations.

We do this during events in Het West-Indisch Huis and at the most beautiful external locations in Amsterdam and surroundings.

Passion, flexibility, experience and knowledge are our main ingredients and that is reflected in the range. From a high-end dinner at one of our beautiful locations to an intimate drink or a smashing party. The Matter of Taste team is ready for you!

The quality and taste of the dishes are paramount at Matter of Taste! In addition, we always cook sustainably, seasonally, locally and we follow the latest trends. Is there a theme? Then we would like to think along about concept catering with the aim of making your event as unique as possible. From the decoration to the presentation on the plate.

As a client you can be assured that we will pay our utmost attention and care to the elaboration and implementation of your event, so that you can rely on a flawless one guidance and organization. Our goal? Take full control so that you and your guests can enjoy the utmost.

The Classy package is possible at any location in and outside Amsterdam. Feel free to contact us, we are happy to help!
