WESTERGAS

# FLEXIBLE & AUTHENTIC

Surrounded by the Westerpark, right in the heart of a vibrant hub for art, culture, and entrepreneurship, you'll find the monumental De Wester.

The former Transformatorhuis has been transformed into an impressive event space of nearly 10 metres high. It features a distinctive wooden roof structure and high windows that flood the room with natural daylight or can easily be covered with wooden shutters. The rear windows of De Wester have direct views of the iconic Gashouder.

# ENDLESS POSSIBILITIES

De Wester, with its 700 m<sup>2</sup> of event space, offers endless possibilities, such as:

- Various setups for breakfast, lunch, and dinner
- Large-scale brand activations
- Catwalk fashion show
- Inspiring conferences
- Presentations
- A dazzling party for up to 770 guests

## Flexible packages

You can organise your event from a basic set-up. Or you can opt for one of our tailor-made turnkey packages. With a range catering partners and technical and presentation facilities, there is plenty of space to create your own unique event. Convenience, flexibility and quality are paramount.

## Accommodation

We have various partnerships with hotels in Amsterdam.

Westergas is B Corp certified. This is an expression of our commitment to having a positive impact on the city, the neighbourhood, our employees and the environment. In the coming years, we have a concrete implementation plan to further enhance the sustainability of our historic buildings, events, and organisation.

Local and sustainable partners for catering, cleaning, audiovisual and waste management services.

Our fantastic partners, programming and Westergas Foundation make art and culture (more) accesible.

Since 2022, the Gashouder has been gas-free. Over 1,200 solar panels now generate most of its own energy and that of the neighbourhood.

We reduce CO<sub>2</sub> emissions by purchasing 100% green electricity and calculating the emissions of our buildings and mobility.

# THE FORMER WESTERGASFABRIEK

Westergas has been a household name in Amsterdam for years. The terrain has a rich history that began in 1885 with the opening of the Westergasfabriek and the Oostergasfabriek. Coal gas was produced here for the city lighting and later for domestic and commercial use. Production reached its peak with expansions such as the gashouder in 1903 and the transformatorhuis in 1904. When gas production ceased completely in 1967, the site was abandoned.

Creative entrepreneurs and artists started discovering the site's potential in the 1990s. This breathed new life into the forgotten site. The soil was remediated in 2003 and a beautiful park was created. The seventeen historic buildings were each given a new purpose and are now home to creative businesses, events and festivals. In 2018, the Westergasfabriek buildings were renamed Westergas. The same place, with new energy: *The Cultural Park of Amsterdam.*

# THE CULTURAL PARK

Cultural Park Westergas is a hub for art, culture and entrepreneurship, bringing together local residents, Amsterdammers, local and international visitors. The former factory buildings have been transformed into a cultural heart with art, theatre, film, music and a wide range of cafés, restaurants and bars.

Start your day at the Bakkerswinkel, immerse yourself in art at the Fabrique des Lumières and Museum Villa, enjoy a sumptuous dinner at the French Cantine de Caron or drinks at Mossel & Gin, catch a cabaret show at Comedytrain and dance the night away at Radio Radio. You can even stay overnight at the Conscious Hotel. Westergas is for any time of day.
