An iconic building

A magical atmosphere

An unforgettable event

[menu](#)

In the middle of the city, but with breathtaking views over the water. The Muziekgebouw is the beating heart of creativity and innovation. This iconic building fulfils a central role in both the city and the cultural world, making it the ideal setting for an event that is as special as the location.

‘If you’re looking for a unique location, the Muziekgebouw is the perfect choice. It is beautifully situated right on the river IJ. And thanks to the building’s glass construction, the river becomes an integral part of your event.’

The best acoustics for your event. That sounds good.

The Muziekgebouw is one of the world's premier music venues. It has welcomed legendary performers such as Bono, the Metropole Orchestra and the Royal Concertgebouw Orchestra - as well as a steady stream of emerging talent from both the Netherlands and abroad.

Combining a rich musical heritage and award-winning architecture by 3xNielsen, the Muziekgebouw is the perfect venue to make your event unforgettable. From our modular Grote Zaal to flexible spaces with breathtaking views, the Muziekgebouw can accommodate a wide range of events.

Thanks to our central location, we are easily accessible by both public transport and private transport. Enjoy the convenience of hosting your event at a mere 15-minute walk from Amsterdam Central Station. For guests arriving by car, the Piet Hein Garage is a quick 10-minute drive from the motorway.

A place where creativity thrives, where inspiration comes from both the building and its surroundings, and that is conveniently located. That sounds good as well.

‘The beautiful lighting
in the Grote Zaal
brought everything
together. We look
forward to our next
event at this location!’

Why the Muziekgebouw?

For large and small events

Whether you prefer a small, intimate setting or a grand, sweeping experience, the Muziekgebouw offers something for everyone. Our event options are equally diverse. From international conferences to small meetings, we always have the perfect space for your needs.

In the heart of the city, always within easy reach

Our central location makes the Muziekgebouw easily accessible by both public transport and car. Guests can park in the parking garage under the building, and the tram stop is right outside. Amsterdam Central Station is just a 10-minute walk away, and the parking garage is conveniently located under the building, a mere 10-minute drive off the motorway. Despite the city's hustle and bustle, getting to our building is easy and efficient.

Your event, your way

Room setups, lighting, decoration, reception and catering tailored to your needs. Our spaces are (almost) fully customizable to your preferences. Plus, we partner with our neighbours, like the Bimhuis, Mövenpick Hotel, and Passenger Terminal Amsterdam.

A stunning location

Our award-winning building is beautifully situated on the IJ, with iconic views providing the perfect backdrop for your event.

‘The versatility of the space is exceptional and the building has a modern, transparent look. The location on the water, with a grand view of the river IJ, is unparalleled.’

The Muziekgebouw, this is why

Functional and sustainable

The Muziekgebouw is a frontrunner in both music and architecture, and is also one of Amsterdam's most sustainable cultural venues. Our building is BREEAM certified, recognizing its sustainability and minimal environmental impact.

Excellent logistics facilities

Our building has two loading docks with several lifts, allowing for direct delivery of goods from the lorry to the stage of our Grote Zaal.

Modern technology

Our state-of-the-art facilities offer top-notch lighting, sound, video projection, hybrid events and live streaming. We provide personalized Wi-Fi and are happy to discuss any other technical possibilities with you.

Top-notch service

Our team is happy to brainstorm with you to bring your dream event to life. We aim to exceed your expectations.

‘The Muziekgebouw’s atmosphere served as the perfect complement to our event.’

Plenty of space for networking, presentations, and meetings

Grote Zaal

600m² 80 - 1300 guests

Atrium

500m² 70 - 400 guests

Atriumzaal

132m² 1 - 100 guests

Area
600m²

Grote Zaal

The Grote Zaal, our main concert hall, has been the stage for some of the world's most renowned musicians. Both performers and audiences rank it among their favourite concert halls.

With movable floorboards, chairs, ceiling, and back wall, we can tailor this space to your specific requirements. We can even transform it while your event is in progress. For instance, in under an hour, we can change a conference space into a sophisticated dining area with a matching lighting plan.

Entreehal

The impressive architectural design by 3xNielsen is the highlight of our Entreehal. This entrance hall is the central space of the building, with a cloakroom, reception, and catering, while a magnificent view of the IJ river bathes the open staircase in natural light.

The Entreehal is ideal as a reception area for a larger event, offering ample opportunities for branding. It is also great as a sunny spot for a reception.

Foyerdeck 1

On the first floor, you will find Foyerdeck 1, offering stunning views of the IJ river, the city and the Entreehal below. It is the perfect space to combine with the Entreehal for your event. Foyerdeck 1 is popular for breakouts, dining and extra booth space, or as an extension to other spaces.

Kleine Zaal & Foyerdeck 3

The Kleine Zaal, our smaller concert hall, and Foyerdeck 3 are ideal as a location for smaller groups or as a breakout room. They are separated by a large glass wall, which can be easily moved to make one large room out of both spaces. Combined, the space offers a wonderful 180-degree panorama of the water and city. At night, when the city skyline is illuminated, the view is simply breathtaking.

Atrium

The Atrium has large, tall windows with plenty of natural light and fantastic views. A walkway provides direct access to the Atrium, and from there, you can step right out onto the adjacent north-facing terrace. This space is often used for trade shows and exhibitions, but can also be transformed into a cosy setting for a company party.

Atriumzaal

The Atriumzaal is our most compact space, yet it is designed for maximum creative use. It is often used for SoundLAB workshops, and you will feel that same creative vibe during your brainstorming sessions here. With its four connected breakout rooms, the Atriumzaal is the perfect place to spark innovative ideas and build connections.

Iconic and sustainable

Located in the heart of the big city and by the beautiful waterfront, we are mindful of our environmental impact. As one of Amsterdam's most sustainable cultural institutions, we are committed to energy and waste conservation and have made numerous eco-friendly choices in and around our building.

Automatic dimmers

When there is enough natural light, the indoor lighting is automatically dimmed using light sensors, and nearly all of the lights in the building are LED.

Separate waste collection

By using compaction containers, we can reduce the number of (separate) waste collections to one per week (instead of five). Used cartridges are recycled and all waste is collected by e-boat.

FSC-certified floors

All our wooden floors, including the dance floor for your company party, are sourced from responsibly managed forests.

Energy label A

The very best, in other words.

BREEAM certificate

We are proud to have achieved a 'good' rating in the Building Research Establishment Environmental Assessment Method (BREEAM) sustainability certification.

964 solar panels on the roof

Producing clean, renewable energy for ourselves and others.

Insulating glass throughout the building

As a result, we almost never have to turn on the heating, even in winter.

(Almost) anything is possible

Whatever event you are planning, we can make it happen at the Muziekgebouw. From large (music) events to off-site team building and from conferences to dining: our rooms and in-between spaces are adaptable and multi-functional. Located in the Netherlands' most vibrant city, your after-party is sure to be legendary as well.
