A photograph of a crowded dining event, likely a restaurant or bar, with warm lighting and hanging lanterns. The scene is filled with people seated at tables, engaged in conversation and dining. The atmosphere is cozy and social.

Concepts

A specialty of Event Culinaire is "concept" catering where the food, drinks, styling, etc. completely match the concept of the event.

Think of a color theme, a film theme, green concepts, a "from source to plate" theme with local suppliers, a theme adapted to a location, a food festival: "you name it" and we are happy to think along and make a suitable catering concepts!

We can act as a *sounding board* or *completely unburden you*

Private Events

In addition to business catering, Event Culinaire also provides the best private events.

Think of (exclusive) weddings, (summer) garden parties, (unique) anniversaries, private dinners, baby showers, bar & bat mitzvahs, birthdays and other milestones.
